[Post Apocalypse - 2011] [Updated - March 14, 2011] Hey guys, I'm here again with another cyberpunk story. Keep in mind that the setting of this story is not too far in the future, but well into the apocalypse. This is not a sequel or anything, just a small "extraset" story which is posted at the end of the other stories in this anthology. Warning: This story contains nudity, violence, masturbation, rape and other taboo-ish topics. If you don't like that kind of stuff, you may wanna skip it, cause all the other stories in here are a bit tame so this one will feel like pure hardcore cyberpunk sex. Anyways, hope you enjoy it. A bit about my character Maya: Maya is a cyborg/android woman with some cyber-enhancements. She can shoot laser-beams from her eyes and her phallus is like a new girlfriend. Anyways, the Story starts with her finding a black guy and getting his phallus in. Yo, what up world? Its been a minute since I wrote a story. Well its time to update. I'm gonna write a story in the cyberpunk/cyber-fetishism genre. It has a gorgeous cast of characters, lots of plot and a ton of sex. If you have any requests just leave 'em in the comment section. So without further ado, let the good times rock! Its just a quick story where a dude gets some sex with a

chicks phallus while shes asleep. Its not like that most guys would let this happen. Thats why we have wankers. They're just supposed to be sad because they just lost their penis. [PostApocalypse - 2010] [Updated - March 14, 2011] Oh, and while Im at it, lets sum up some of the other stories in this short antholgy.
